## Unloading and Loading

There is a yard to the rear of the Town Hall where loading may easily be carried out. Stallholders entering this area will be asked to unload quickly and move on.

Unloading can also occur in Market Lane car park which is just behind the Town Hall. Cars can be left for several hours before moving to a long stay car park.

The rear access to the building is level with no steps making this ideal for those with mobility difficulties.

**N.B..... There is NO unloading or loading in Fisher Street or on the High Street. Stallholders who attempt to park in these areas will be moved on.**
